

The first international scientific conference

The state does not exist without the taxation. Fiscalism and safety

14-15 October 2019

Training Centre of the Polish Tax and Customs Academy in Otwock

Kolorowa 13, 05-402 Otwock, Poland

Cycle of conferences

To meet the changes and transformations caused by financial world and globalization, Tax & Customs Academy is starting cycle of international conferences on „THE STATE DOES NOT EXIST WITHOUT THE TAXATION. FISCALISM AND SAFETY”.

Considering existing transformations the main goal is to determine current and future needs, problems, risks but also search for common solutions both in national and international areas.

We realize that fiscalis is an integral part of history of the countries and organizations. It is a basis for the future and safety, which in frames of the conference organized by Tax & Customs Academy we try to implement.

Suggested topics

1. Direct taxes
2. Indirect taxes including carousel frauds
3. Taxes in Poland and European Union
4. Methods of tax evasion by the international enterprises
